Page 21, after line 25, insert the following new paragraph:

- 1 “(4) include all of the following:
- 2 “(A) Evaluation of risks posed by acutely
- 3 toxic hazardous substances based on levels at
- 4 which no known or anticipated adverse effects
- 5 on health will occur, with an adequate margin
- 6 of safety.
- 7 “(B) Evaluation of risks posed by carcino-
- 8 gens or other hazardous substances that may
- 9 cause chronic disease based on a level that does
- 10 not pose any significant risk to health.
- 11 “(C) Consideration of possible synergistic
- 12 effects resulting from exposure to, or inter-
- 13 action with, 2 or more hazardous substances.

1 “(D) Consideration of the effect of haz-
2 ardous substances upon subgroups that com-
3 prise a meaningful portion of the general popu-
4 lation, including, but not limited to, infants,
5 children, pregnant women, the elderly, individ-
6 uals with a history of serious illness, or other
7 subpopulations, that are identifiable as being at
8 greater risk of adverse health effects due to ex-
9 posure to hazardous substances than the gen-
10 eral population.

11 “(E) Consideration of exposure and body
12 burden level that alter physiological function or
13 structure in a manner that may significantly in-
14 crease the risk of illness and of exposure to
15 hazardous substances in all media, including,
16 but not limited to, exposures in drinking water,
17 food, ambient and indoor air, and soil.”.
